## Gujarat Industries Power Company Limited

### ITEM No. 7

The Energy & Petrochemical Department, Government of Gujarat issued various Notifications and Resolutions under the Gujarat Electricity Industry (Re-organization and Regulation) Act, 2003, by virtue of same the erstwhile Gujarat Electricity Board (GEB) ceased to be in existence on 31st March, 2005. Gujarat Urja Vikas Nigam Ltd. a Government Company u/s 617 was formed in December, 2004. Consequently effective 1st April, 2005 all residual assets and liabilities of GEB after re-vesting to its Subsidiary Companies were entrusted to Gujarat Urja Vikas Nigam Ltd. (GUVNL).

Since the Articles of Association of the Company still quotes the name of the Gujarat Electricity Board (GEB) in Article 2 (g) under the head Interpretation and Article 13 empowering to nominate one Director on the Board of Directors of the Company, the words "Gujarat Electricity Board (GEB)" requires to be replaced by "Gujarat Urja Vikas Nigam Ltd (GUVNL)", a Government Company u/s 617 of the Companies Act, 1956 as stated above. A new Article 2 (m) is proposed to be inserted. This requires the amendment in the Articles of Association at General Meeting of Members.

The Company was incorporated in the year 1985 and the Memorandum and Articles of Association were prepared at that time accordingly. In the Articles of Association of the Company an Article relating to the indemnity and responsibilities of Directors and Officers of the Company needs to be inserted. The Company under the applicable provisions of the Companies Act, 1956 may indemnify all costs, losses and expenses incurred by any Director, Manager, Auditor, Secretary or Other officer or employee of the Company while defending himself/herself in any civil or criminal proceedings arising in discharge of bonafide official duties and where he/she is acquitted thereof. Therefore, it is proposed to insert a new Article as Article No. 28 in the Articles of Associations of the Company.

Your directors recommend the amendment of Articles of Association of the Company as proposed in the Resolution at Item No. 7 as Ordinary Resolution.

None of the directors is in any manner interested or concerned in the said resolution.

### ITEM No. 8

The services of Shri L. Chuaungo, IAS were placed at the disposal of Energy & Petrochemicals Department (E&PD) vide Government of Gujarat (GOG), General Administration Department (GAD) Notification No. AIS/35.2003/10/G dated 28<sup>th</sup> April, 2003.

The Energy & Petrochemicals Department's vide its Resolution No. GIP-15-2003-3054-K dated 25<sup>th</sup> June, 2003, the Government of Gujarat deputed Shri L. Chuaungo, as Managing Director of the Company and also prescribed the terms and conditions of his Foreign Service as Managing Director of Gujarat Industries Power Company Limited.

The Board of Directors of the Company vide its Resolution No. 2583 dated 24<sup>th</sup> June, 2003 appointed Shri L. Chuaungo, IAS as Managing Director for a period from 1<sup>st</sup> May, 2003 to 30<sup>th</sup> April, 2005 by approving his appointment with the terms and conditions as the Managing Director.

The said appointment was also approved by Members of the Company at the 18th Annual General Meeting held on 27<sup>th</sup> September, 2003 pursuant to the provisions of Section 198, 269 & 309 read with Schedule XIII of The Companies Act, 1956 read with Article 17 of the Articles of Association of the Company.

Thereafter, General Administration Department (GAD), Government of Gujarat vide its Notification continued the services of Shri L. Chuaungo, IAS as Managing Director of the Company holding additional charge as the Managing Director of the Company till further orders. Thus the term of appointment of Shri L. Although the term of appointment of Shri L. Chuaungo has been extended until further orders by Government of Gujarat, however the applicable provisions of Companies Act, 1956 stipulates fixed period of appointment for Managing Director of a Company and in due compliance of the Companies Act, 1956 provisions stated as aforesaid, it is required to ratify / approve the extension of appointment of Shri L. Chuaungo, IAS, presently holding additional charge as Managing Director, for a period of five years w.e.f. 1<sup>st</sup> May, 2005 till further orders of Government of Gujarat, whichever is earlier, and hence the Board of Directors of the Company have recommended this resolution for approval of the members.

Further this being an additional charge as the Managing Director, in addition to his functioning as the Managing Director of Gujarat Urja Vikas Nigam Ltd., a wholly owned Government Company u/s 617 of the Companies Act, 1956, as abundant precaution and in due compliance of Section 316 of the Companies Act, 1956, a specific notice for extension/ re-appointment of his term for the period from 1<sup>st</sup> May, 2005 for a period of five years or till further orders of Government of Gujarat, whichever is earlier, was circulated and unanimous resolution was also passed by the Board of Directors for his aforesaid extension as the

## 23rd Annual Report 2007-2008

Managing Director of the Company by approval / ratification thereof, subject to the approval of the Members of the Company in the ensuing 23rd Annual General Meeting (AGM).

It is, therefore, proposed to ratify/ approve the extension of appointment of Shri L. Chuaungo, IAS, holding additional charge as Managing Director of the Company w.e.f. 1<sup>st</sup> May, 2005 for a further period of five years or until further orders of Government of Gujarat, whichever is earlier.

The brief Resume of Shri L. Chuaungo, IAS is thus – He is an Arts Graduate and IAS Officer of the 1987 batch. He has worked with various departments of the State and the Central Government and before he took over as the Managing Director of the Company he was the Collector – Valsad, Gujarat State. The total experience of Shri L. Chuaungo, IAS is more than 20 years. He is also functioning as the Managing Director of Gujarat Urja Vikas Nigam Ltd. (GUVNL), a Wholly Owned Government Company u/s 617 of the Companies Act, 1956.

Your Directors recommend the extension of appointment of Shri L. Chuaungo, IAS, as Managing Director, as proposed in the Resolution at Item No. 8 as Ordinary Resolution.

None of the Directors except Shri L. Chuaungo, IAS is in any way interested or concerned in the said Resolution.

### (N) Environmental Protection :

The Company recognises Environment Management as an integral function of the operation. Towards this end the

## Gujarat Industries Power Company Limited

Company installed appropriate technology for control of pollutants at source. Circulating Fluidised Bed Combustion boilers for SO<sub>2</sub> and NO<sub>x</sub> control and Electrostatic Precipitators for control of particulate emission in the lignite based power plant at Mangrol are some of the actions taken by the Company in this direction.

Though GIPCL has open cast mine to feed lignite to its Power Plant, care has been taken to ensure that such operations do not result in creation of wastelands by preserving the fertile top soils and spreading them over the back-filled portion of the mine. This enabled restoration of the lands for productive agricultural use and for development of plantations.

The Company Installed oil mist eliminator in Station-I Gas Turbine #3 to reduce oil vapor discharge in atmosphere.

### (O) Energy Management

Energy Management Cell has been established under the leadership of Energy Managers and it is in operation. The Company will take up Energy Audit programme in the current year to comply with statutory requirement.

### (P) Conservation of Energy :

Several energy conservation measures are taken at Vadodara Plants and SLPP during the year, and some of the measures which have significant results are indicated below :

#### At Vadodara :-

- The Company has carried out major Plant modifications, like putting baffle plates at chimney end in HRSG reducing heat loss going to atmosphere through exhaust, putting sleeves on part of super heater tubes reducing system energy consumption and other steam losses in our Station -II @ 3.90% (5oC), to achieve better efficiency and energy conservation.
- Subsequent to discontinuation of Naphtha firing In GT-4, the unused rotary equipment of Naphtha firing were removed, saving in energy consumption of the machine.

#### At SLPP :-

- Anti corrosion epoxy paint applied on condenser water box resulting in life extension of water box.
- Installation of sonic soot blowers resulted in saving in steam consumption and more heat transfer in APH.
- Providing additional turns in secondary winding of lighting transformer to reduce the voltage thereby reducing the energy consumption. This would also enhance the life of ballast & lamps.

### (Q) Technology Absorption :

The disclosures of particulars as per Form B are given in the Annexure hereto.

### (R) Foreign Exchange Earning and Outgo :

During the year there was no earning in foreign exchange. As regards outgo in foreign exchange, please refer to Item No. 05 of Schedule 19 to the Notes forming part of Accounts appended hereto.

1. Specific area in which R&D carried out by the Company

The Company has undertaken the R&D activities on Underground Lignite (Coal) Gasification, (UCG) in Vastan area, forming a consortium with a strong capable partner M/s.Oil and Natural Gas Company Ltd (ONGC) and after having formed an MOU two years back, number of activities in the direction has been carried out. The major activities this field of R&D are as below:-

- a. Identification and completion of Geological Survey Work at chosen Site.
- b. Application for Environment Clearance and Pilot bore forwarded to Ministry of Environment and Forest (MOEF).Terms Of Reference (TOR) issued by the Ministry.
- c. Trial Seismic Zone Report carried out by ONGC and detailed Seismic Survey for mapping of lignite deposits in the said area.
- d. Negotiations with SIM, Russia, Drilling Companies, Surface facilities design and construction activities are parallaly taken up.
- e. Agreement signed with IIT, Mumbai for 3 years for process modeling of UCG process in Lab.
- f. Studies for sustained and economical viable utilization of Underground Lignite (Coal) Gasification, (UCG) taking care of environment. Option of chemical production, power and mixing of UCG with city gas are being explored.

#### Benefits derived as a result of the above R&D

The process is undertaken in India for the first time and if Vastan proves to be appropriate Site on pilot studies, this can become a vast alternative source of Syn-gas from unminable lignite reserves in the area benefiting the State, Country and the Nation at large.

3. Future plan of action

After carrying out Pilot Trial very soon, integrated process type commercially viable Project and useful end use will be put up under a Joint Venture of GIPCL – ONGC.

4. Capital Expenditure

5. Recurring Expenditure

During the R&D till Pilot Trial,there is no recurring expenditure.

#### (B) Technology absorption, adaptation & innovation

Efforts in brief, made towards technology ...

- i) Installation of new Uninterrupted Power Supply (UPS) unit with battery back up in Station –II having capacity to cater to combined emergency requirement for both Station –I & Station –II respectively.
- ii) Efforts are put to optimize the gas utilization for efficient performance of gas turbine by installation of five channels ON- LINE-CHROMETOGRAPH & APEX SOFTWARE.

## Gujarat Industries Power Company Limited

- i) Major energy conservation and efficiency improvement measures taken up by way of following modifications.
  - a) Installation of single Vapor Absorption Unit replacing 30 Windows AC / Split Air Conditioners.
  - b) Installation of Wind Operated Turbo ventilator Fans replacing Electrically Operated Fans.
  - c) Installation of Raw Water Pump for Optimizing water consumption and with lower pumping capacity and running time reduction.
  - d) Installation of upgraded computer with T.F.T. monitors replacing old computers.
- ii) ESP duct MEJ conversion to NMEJ to reduce maintenance time.
- iii) Certification under ISO 9001:2000, ISO:14001:2004 & ISO:18001:1999 reviewed by M/s TUV.
- iv) 100% utilization of fly ash generated from SLPP for construction of mines roads, brick manufacturing and for back filling of lignite mines.
- v) Turbine trip on BPS 1 achieved logic is made 2 out of 3 instead of previous 1 but of 2 for better discrimination and reliability.
- vi) Bed Lance SGC logic modified.
- vii) Seal Pot and FBHE blowers' auto changeover logic modified.
- viii) Indigenising the imported components.

### 1. Benefits derived as a result ...

- i. To maintain uninterrupted power supply to vital control systems for equipment safety in case of Grid/ Power failure.
- ii. With installation of a modified gas mixing scheme, utilization of natural gas from various sources to optimize plant generation made possible, increasing profitability, benefiting the people of State of Gujarat.
- iii. Energy saving measures shall result in saving of @2.36 lakh units per annum.
- iv. Due to highly acidic flue gas, ESP duct MEJ was getting corroded. By replacing it with corrosion resistant NMEJ, life extension and reduction in maintenance is expected.
- v. Implementation ISO:9001:2000 on Quality Management System has helped in bettering our operations by adherence to systems and procedures. Implementation of ISO:14001:2004 and ISO:18001:1999 on EOHS Management System ensured GIPCL and Interested Parties for having safer working environment and better pollution abatement.
- vi. Use of fly ash for construction of mines roads reduced costs and enabled use of the roads during monsoon. Our ash is being used for brick manufacturing by outside parties and also by DEEP. Bricks manufactured by DEEP are extensively used for our ongoing project requirement. e are using ash for void filling in mines also.

## 23rd Annual Report 2007-2008

- vii. By providing Turbine trip on BPS 1 activated logic 2out of 3 instead of previous 1 out of 2, reliability of the system increased.
- viii. Bed Lance SGC logic modified to reduce downtime while start up and plant emergency condition when both lignite conveyors are not available.
- ix. On tripping of standby blower which is in operation, main blower was not coming in auto operation. By modifying the logic now auto change over of seal pot blower/FBHE blowers is possible without operator intervention. This also resulted in more redundancy in system and equal operating life of blowers.
- x. We have indigenized several spares and components originally imported viz., lignite conveyor chains, blower lobes, lignite rotary airlock feeder components, thereby mitigating the risk of availability with substantial reduction in cost.

### 3. Imported Technology...

- i). CFBC Technology adopted for boilers at Surat Lignite Power Plant is of imported origin i.e from Lurgi Energie Und Entsorgung GMBH, Germany through BHEL.
- ii) HP/IP Single Casing Technology of Siemens, Germany having better efficiency adopted for the turbines at Surat Lignite Power Plant.
- iii) SLPP uses the state of the art DCS system from M/s.Siemens, Germany for control and instrumentation.
- iv) Frame IX, GE (USA) Technology has been adopted for Station-II 160 MW Vadodara through BHEL.
- v) SAP/R3 is imported software originally developed in Germany.
- vi) The Gas Chromatograph are from 'Denial' Germany, which is a well-known Company in Gas Measurement.
- vii) Upgraded DCS from TATA Honey Well.

## Gujarat Industries Power Company Limited

### MANAGEMENT DISCUSSION AND ANALYSIS REPORT 07-08

#### INDUSTRY OVERVIEW

Reliable power at reasonable rate is a basic infrastructure required for any meaningful socio-economic development. However, being highly capital intensive in nature, mobilizing adequate financial resources at competitive cost for developing generation, transmission and distribution infrastructure has always been a challenge for the Power Sector; and this has been a major factor that contributed to less than required generation and transmission capacity addition in the Country.

The Electricity Act, 2003 opened up the power sector and facilitated participation by the private sector, enabling infusion of the much needed funds for building the power infrastructure. The large scale participation by the private sector in the recent past, particularly in the generation sector, is a welcome sign; and the results will be seen towards the end of the 11<sup>th</sup> Plan and in the 12<sup>th</sup> Plan. This gives reason to be optimistic about the capacity of the country to add significantly higher capacities in the 11<sup>th</sup> and subsequent Plans as compared to the earlier Five Year Plans.

Electricity, is one the most important indicators of development of a Village, District, State or a region. Looking at the consumption profile of electricity across various regions of the country, direct co-relation between the per capita consumption of electricity and level of economic development can be seen. India's peak power deficit touched a ten year high of about 15.2% between April, 2007 and January, 2008 due to an exceptional spurt in demand and lower than expected capacity addition in the 10<sup>th</sup> Plan.

There has been a remarkable growth in the Power Sector after the Independence. It is worthwhile to note that generation capacity of the Nation has increased to 1,41,080 MW at the end of 31<sup>st</sup> January, 2008 as compared to 1750 MW at the time of inception of the Planning era. India is placed sixth in rank in terms of Electricity Generation after USA, China, Japan, Russia and Canada. However, this generation capacity falls short of the requirement due to the sheer size of consumer base and the economy.

The share in generation of the State has declined from 82.5% in 1979 to 53% in January, 2008 whereas there has been increase in the share of the Central Sector from 12% to 34% during the same period. The share of private Sector has also gone up from 5.2% to 13%.

#### 11TH PLAN – NEW VISION FOR POWER

As against the generation capacity addition of 56,722 MW in the 8<sup>th</sup>, 9<sup>th</sup> and 10<sup>th</sup> Plan, a capacity addition Programme of 78,577 MW has been made for the 11<sup>th</sup> Plan.

Moreover, about 14,000 MW is expected from renewable energy sources and another 12,000 MW is likely to be added by way of captive Power Plants of which about 5000 MW is expected to be available to the Grid. The proposed capacity addition of 78, 577 MW comprises of 39,865 MW (50.7%) in the Central Sector, 27952 MW (35.5%) in the State Sector and 10,760 MW (13.8%) in the Private Sector as has been proposed during the 11<sup>th</sup> Plan.

Projects of 7683 MW i.e about 9.77% out of 78,577 MW have been commissioned and 51,940 MW i.e. about 66.1% of the proposed capacity are already under construction., the total ratio in percentage match to 75.87% of the proposed capacity addition either commissioned or is in execution stage as such.

It is construed that amongst the Fuel Mix coal seems to be prime fuel requirement of the 11th Plan Projects. About 54,300 MW is on coal / lignite and over 90% of the 11<sup>th</sup> Plan coal based Projects have already got the coal linkage. Super critical technology is likely to be introduced in the country in a big way in the 11<sup>th</sup> Plan and it is expected that over 8,000 MW (15% of coal based capacity planned) would be coming up in this category.(Source : Electrical India -March, 2008)

#### Power Sector in Gujarat

With the bifurcation of the State of Gujarat from the State of Maharashtra in the 1960, Gujarat has developed its capabilities and expertise in the Power Sector, which has contributed to the industrial growth of the state. The current per capita electrical energy consumption in Gujarat is approximately 1400 units, which is double of the national average. The total installed capacity of power generation for the State as of now is approximately 10,000 MW. Gujarat is one of the first States in India to appoint a Regulator for the Electricity Sector. The Gujarat Electricity Regulatory Commission (GERC/the Commission) has been functional since 2000.

The Gujarat Electricity Industry (Re-organisation and Regulation) Act, 2003 was enacted for the power sector reforms in Gujarat. Corporatization of the erstwhile Gujarat Electricity Board (GEB) has been completed and all the successor entities have started independent functions since April, 2005.

## 23rd Annual Report 2007-2008

### MANAGEMENT DISCUSSION AND ANALYSIS REPORT 07 – 08 (Contd.)

Particulars	Installed Capacity (MW)
Share in Central Sector Stations	2575
State Projects GSECL	4766
Independent Power Producers (IPPs)	2636
<b>Total</b>	<b>9977</b>

The above table indicates that Gujarat has been successful in attracting private sector investment in power generation. Gujarat has a robust intra- state transmission and distribution system for evacuation of electricity generated from the power stations for meeting the demand of consumers across the State.

#### ➤ INITIATIVES OF GOVERNMENT OF GUJARAT :

The State of Gujarat had taken initiatives in power sector reforms by passing the Gujarat Electricity Industry (Re-organisation & Regulation) Act, 2003, the key highlights of the Act are:

- ☞ Regulation of the Power industry by an independent body called Gujarat Electricity Regulatory Commission (GERC).
- ☞ Unbundling of erstwhile Gujarat Electricity Board into One Trading Utility, One Generation, one Transmission and four Distribution Utilities.
- ☞ Setting up of specific benchmarks for customers' service.
- ☞ Setting up of standards of system efficiency.
- ☞ Deterrent measures for reduction of power theft.

The efforts of the Govt. of Gujarat has yielded results & it has been one of the best performing states in the Power Sector during the past three years.

The passage of Gujarat Electricity (Re-organisation and Regulation) Act, 2003, by Govt. of Gujarat is a step taken in this direction. The main function of GERC encompass the regulation on purchase, transmission, distribution, supply and utilisation of electricity, the quality of service and the tariff and charges payable for the transmission, distribution or supply of electricity having regard to the interest of both the consumers and other persons availing the services and the utilities and the procedure thereof for trading of electricity.

#### ➤ OUTLOOK, OPPORTUNITIES AND THREATS :

The per capita consumption of power in India in the year 2007-08 was 606 kWh which is very low as compared to global average of around 3000 kWh and this certainly reflects the demand supply gap and prospects and opportunities for the growth of power sector.

The Gujarat Industries Power Company Ltd has full backing from the Govt. of Gujarat (GOG) even though the direct equity holding of Govt. is not very large. The Company is managed by a team of personnel headed by the Managing Director who is a Secretary level IAS officer and the Chairman of the Company is also a Senior IAS Officer of Principal Secretary level.

The outlook for the Company in the times to come will be more focussed on :-

- ☞ Enhancing operational efficiencies.
- ☞ Ensuring better operational flexibility with the usage / adoption of multi fuel technology.
- ☞ Further expansion of capacities based on available Lignite reserves.
- ☞ Cost efficiency to enable supply of Cheap and reliable power to customers/state.
- ☞ Prime concern for environment protection and improvement.
- ☞ Exploring the avenues in consultancy in O&M of gas based and CFBC based thermal power plants.
- ☞ Exploring the avenues and Diversification into the area of distribution

#### ENERGY CONSERVATION

The Government of India has enacted the Energy Conservation Act, 2001 laying down legal framework, institutional arrangement and a regulatory mechanism both at Central and State to ensure efficient use of energy and its conservation. The Act came into effect in March, 2002. The Bureau of Energy Efficiency (BEE) was set up as a nodal statutory body in 2002 at the central level, to facilitate the implementation of the Energy Conservation Act. The Integrated Energy Policy (IEP) lays emphasis on energy conservation and efficiency there by estimating that 15% saving of energy is possible by such exercise. Short term

and long term measures have also been initiated which includes pilot phase of programme for energy efficiency in government buildings and prepare action plan for wider dissemination and implementation. It also includes potential of 23,700 MW assessed by the end of XIth Plan covering thrust areas such as Industry specific task force, notifying more industries as designated consumers, conduct of energy audit amongst notified designated consumers, recording and publication of best practices sector wise, developing energy consumption norms and monitoring of compliance with mandated provision by designated consumers.

#### ➤ NATIONAL KEY POWER STATISTICS :

##### ⇒ POWER GENERATION :

The overall generation in the country has increased from 531.40 Billion Units (BUs) during 2002-03 to 704.45 BUs during 2007-08. The overall generation (Thermal + Nuclear + Hydro) in public utilities in the country over the years are as under:

F.Y. of Generation	Billion Units
2002-03	531.40
2003-04	558.30
2004-05	587.42
2005-06	617.51
2006-07	662.52
2007-08	704.45

The generation during the F.Y. 2007-08 has been 704.45 Billion Units at an average Plant Load Factor of 78.6%.

- Minimum overall 3% rate of return to each utility with immediate effect
  - Fuel Adjustment Charges (FCA) to be automatically incorporated in the tariff.
  - A package of incentives and disincentives to encourage and facilitate implementation of tariff.
  - No sector shall pay less than 50% of the average cost of supply [cost of generation plus transmission and distribution].

#### ➤ THE NATIONAL ELECTRICITY POLICY

The National Electricity Policy (NEP) was notified by the Central Government on 12<sup>th</sup> February, 2005 in furtherance of Electricity Act, 2003 which aims at achieving the following objectives :-

- Envisages total village electrification by 2009.
- Availability of Power – Power to all by 2012. Energy and peaking shortages to be overcome and adequate spinning reserve to be available.
- Supply of Reliable and Quality Power of specified standards in an efficient manner and at reasonable rates should be available to public at large.
- Per capita availability of electricity to be increased to over 1000 units by 2012.
- Minimum lifeline consumption of 1 unit/household/day as a merit good by year 2012.
- Financial Turnaround and Commercial Viability of Electricity Sector.
- Protection of consumers' interests.

#### ENVIRONMENT POLICY

The Company has formulated an Environment Policy to comply with and excel the statutory limits and norms of pollution prevention and control. This includes conservation of energy and water resources in the Company operations and minimizing liquid and solid waste generation and striving for fruitful utilization of waste.

Further striving for continuous improvement in protecting the environment by enhancement of technology, systems and skills in conduct of our business also form part of the Policy.

Inculcating a strong commitment for protection of environment amongst employees, vendors, contractors and other stakeholders in our business is also considered as one of the measure of the policy.

Finally, policy emphasizes on work to earn recognition from society as an environment friendly company.

#### Indian Energy Exchange (IEX)

Indian energy Exchange (IEX) is India's first ever nationwide, automated and online electricity trading platform. IEX

received approval from the Central Electricity Regulatory Commission on 31<sup>st</sup> August, 2007 for establishing the Power Exchange. The exchange will be demutualized and offer complete neutrality and transparency in transactions. Establishment of power Exchanges is a tangible result and IEX places the Indian power market on par with the most sophisticated in the world. It is felt that the strong, dynamic and transparent price signal from the exchange will encourage market participants to use the mechanism to produce, consume and sell power specifically for the short term. It may also result in better capacity utilization of various power plants. The benefits of power market have been amplified by the Foreign countries. Similarly the expectation is that Indian market will also witness similar advantages of encouraging more generation and transparent pricing to the advantage of consumers through IEX. (Source: Enertia, February, 2008)

#### ➤ RISKS & CONCERNS :

GIPCL is dependent on the domestic market for its business and revenues. The company's power generating and distribution facilities are located in Gujarat and virtually all of the company's revenues are derived from the domestic market. These factors may potentially expose the company to any risk of a significant shock to the national economy and any adverse changes in the policies and regulations related to the power sector.

However, the Government of India has been pursuing progressive policies on economic liberalization and reforms in the power sector including considerable reduction in government interference. In addition, the company closely monitors the government policy measures to identify and mitigate any possible business risks.

Generation of Power at the company's power stations can be affected due to various factors including non-availability of fuel, grid disturbances and such other factors in load management in the grid. The company has entered into agreements with gas suppliers for adequate supply of fuel for its gas-based stations at Baroda, thus, mitigating the fuel availability risk. To remain unaffected by the grid differences the company has developed systems to island its power stations from the grid.

The company endeavors to achieve the highest efficiency in its operations and has been implementing cost reduction measures in order to enhance its competitiveness and maintain profitability.

Power projects are highly capital intensive. Such highly capital-intensive projects run the risks of –

- (I) Longer development period due to statutory clearances, financial and infrastructural requirements.
- (II) Delay in completion of project
- (III) Performance risk and
- (IV) Cost over-runs. GIPCL is currently implementing 250 MW power generation project at its Surat Lignite Power Plant in Nani Naroli, Distt Surat.

#### ➤ INTERNAL CONTROL SYSTEM & ITS ADEQUACY :

The Company has adequate internal control systems and procedures commensurate with the size of the Company, which include internal audit and review by external firm of Chartered Accountants and pre-audit of payments by internal team of Accountants. All major payments and statutory payments pass through the strict scrutiny by pre-audit team before release of the same to parties. The internal control measures such as defining the various levels of the authority through delegation of powers, well laid down purchase procedures, checks and balances in the financial system to safeguard the Company's assets, budgetary controls and variance analysis are in place.

The procurement and operational maintenance activities are planned well in advance to avoid any possible risk of late delivery of materials, delay in attending to maintenance needs etc. The company, stores and maintains all the relevant data and information as a back up, to avoid any possible risk of losing important business data.

The qualified and independent Audit Committee of the Board periodically reviews the internal audit reports and the status of implementation of actions recommended.

#### ⇒ FINANCIAL REVIEW:

The financial statements are prepared under historical cost convention, on accrual basis, in accordance with

### MANAGEMENT DISCUSSION AND ANALYSIS REPORT 07 – 08

the generally accepted accounting principles in India and the provisions of Companies Act, 1956 and comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006.

GIPCL'S total income for the year ended 31<sup>st</sup> March, 2008 increased to Rs. 962.14 Crores compared to Rs. 882.79 Crores in the previous year. The total income includes earnings from sale of electrical energy at Rs. 935.55 Crores as compared to Rs. 795.58 Crores recorded last year.

Operating profit (PBDIT) decreased to Rs. 279.87 Crores during the year from Rs. 324.28 Crores in the previous year, since sales of previous year includes Rs. 34.04 Crores of Income Tax claim and two part tariff formula.

The fuel cost increased from Rs. 418.07 Crores to Rs. 595.70 Crores on account of increase in the gas price and higher generation.

Interest expenditure has reduced to Rs.51.32 Crores as compared to Rs. 51.90 Crores.

The 162 MW Station-II at Baroda and 250 MW Surat Lignite Power Plant (SLPP) Phase – I at Surat are eligible for the tax holiday under Section 80IA of the Income Tax Act, 1961 for a period up to Assessment Year 2012-13 (in case of 162 MW Baroda Station II) and Assessment Year 2015-16 (in case of 250 MW SLPP Phase I) and hence the effective tax rate for the Company as a whole is 19.36% of profit.

The Corporate Tax Liability for the year was Rs.27.15 Crores compared to Rs.30.70 Crores in the previous year. Rs 7.17 Crores has been provided towards Minimum Alternate Tax (MAT) in view of retrospective amendment in Income Tax Act, 1961.

The net profit of Rs.102.29 Crores has been arrived at after taking into considering deferred tax liability amounting to Rs.3.08 Crores and tax adjustment of earlier year amounting to Rs 7.21 Crores.

The total dividend pay out for the year at 25% dividend rate is Rs.44.24 Crores including dividend tax.

Capital expenditure during the year was Rs. 502.33 Crores mainly on account of expenditure incurred on 250 MW expansion project at SLPP, Surat.

Total gross assets increased during the year to Rs. 3216.30 Crores as compared to Rs. 2840.36 Crores in the previous year.

As on 31<sup>st</sup> March 2008, the net worth of the Company stood at Rs 1124.23 Crores.

## 23rd Annual Report 2007-2008

### REPORT ON CORPORATE GOVERNANCE

#### 1. THE BASIC PHILOSOPHY OF CODE OF CORPORATE GOVERNANCE :

##### The Philosophy :

Corporate Governance is aimed primarily to present the management with tools essential for the business practices required for legal and ethical conduct and fair financial reporting in tune with committed corporate response based on transparency, accountability and integrity. It involves necessarily a creative, generative and positive thinking activity adding ethical value to various stakeholders which are served as end customers of the Corporate entity.

It is about how to manage an organization, that is to say, how to manage its corporate and other structures, its culture, policies and the manner in which it deals with various stakeholders. Proper, accurate and timely disclosure of information regarding the affairs of the company, its financial position, performance, ownership and governance is an integral part of the philosophy of Corporate Governance. The enhancement of the shareholders' value was, is and will remain Company's topmost priority and to substantiate this, the company's Mission Statement contains this as one of the end results of all its economic activities.

##### Our perspective:

The Company's Corporate Governance Philosophy is based on following principles:

1. Follow the laws of land, not only in letter, but in spirit too.
2. Transparent, truthful and complete disclosure of information.
3. Distinguish between personal conveniences and company's resources and properties.
4. Management is not the owner, it is the trustee of its stakeholders.

The Company's Corporate Governance Policy emanates from the very basics of the Members' own institution (a Company) which they own, needless to say the number of shares they hold. The apex governing body of the Company viz. the Board of Directors believes that there should be proper admixture of responsibility and accountability of the Board and it is vital for all the constituents like Consumers, Investors, Employees and regulatory authorities.

The Company believes and proclaims that the shareholders are the cause of and ultimate beneficiaries of our business.

##### Our endeavor:

Your Board of Directors is proud to assert that much before the Code of Corporate Governance, in its present state, was thought of, GIPCL was following it in strict as well as literal sense.

The Company's Board formally adopted the recommendations of good Governance as enunciated by CII long back. The enhancement of the members' value was, is and will remain Company's topmost priority and to substantiate this, the Company's Mission Statement contains this as one of the end results of all its economic activities.

The Company is managed and controlled through a professional Board. The Board consists as such of entirely independent Directors, even the Chairman and Managing Director are independent since they are nominated by the Govt. of Gujarat. The Company's Board comprises of eminent persons with considerable vision, expertise and experience in their relevant fields.

All Committees of the Board like Share/Debt Transfer and Investors' Grievance Committee, Audit Committee, etc. that are required under the Code of Corporate Governance have been constituted since long and are meeting regularly.

#### 2. CODE OF BUSINESS CONDUCT AND ETHICS:

The Code of Conduct generally encompasses acceptable pattern of behavior expected of Directors and senior management team with a view to maintain high standards of professionalism and ethics. Inter alia, the code should include honesty and integrity in transactions affecting the Company, conflict of interest, insider trading, acceptance of gifts and donations, protection of assets, communication, whistle blower policy. The code cannot remain static and will have to be modified as per moral, cultural and ethical sense of values encountered from time to time by the Company.

##### ➤ Code of Conduct :

The Board of Directors of the Company have formally adopted the Code of Conduct at its meeting held on 25<sup>th</sup> January, 2006. The code has been made applicable to the Board and also to the senior officers of the Company in the rank of Additional General Manager and above and Company Secretary of the Company.

The Directors and senior management team shall self certify their adherence and compliance of the code of conduct at the end of each financial year.

### AUDITOR'S REPORT

#### TO THE MEMBERS OF GUJARAT INDUSTRIES POWER COMPANY LIMITED

1. We have audited the attached Balance Sheet of **Gujarat Industries Power Company Limited** as at 31<sup>st</sup> March, 2008 and also the Profit and Loss Account and the Cash Flow Statement for the year ended on that date, annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003, issued by the Central Government of India in terms of section 227(4A) of the Companies Act, 1956 and on the basis of such checks of the books and records of the Company as we considered necessary and appropriate, and according to information and explanations given to us, we enclose in the Annexure a statement on the matters specified in paragraph 4 and 5 of the said Order.
4. Further to our comments in the Annexure referred to in paragraph 3 above, we report that:
  - a. we have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b. in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
  - c. the Balance Sheet, Profit and Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of account;
  - d. in our opinion, the Balance Sheet, Profit & Loss Account and Cash Flow Statement, dealt with by this report, comply with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956, to the extent applicable;
  - e. on the basis of the written representations received from the directors of the Company, and taken on record by the Board of Directors, we report that none of the directors is disqualified as on 31<sup>st</sup> March, 2008 from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956;
  - f. in our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with the notes thereon, give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
    - (i) in the case of the Balance Sheet, of the state of affairs of the Company as at 31<sup>st</sup> March, 2008;
    - (ii) in the case of the Profit and Loss Account, of the Profit of the Company for the year ended on that date.
    - (iii) in the case of Cash flow Statement, of the cash flows for the year ended on that date.

### ANNEXURE TO THE AUDITORS' REPORT

(referred to in paragraph (3) thereof)

- i. a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- b) Fixed assets have been physically verified by the management during the year as per the phased programme of physical verification of fixed assets. As informed to us, the programme is such that all the fixed assets will get physically verified in three years time. In our opinion, the same is reasonable having regard to the size of the Company and the nature of its fixed assets. No material discrepancies were noticed on such verification.
- c) The Company has not disposed off a substantial part of its fixed assets during the year and therefore, do not affect the going concern assumption.
- ii. a) The inventory has been physically verified by the management at the year end.
- b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and nature of its business.
- c) The Company has maintained proper records of its inventories. No material discrepancies were noticed on physical verification of inventory as compared to book records.
- iii. The Company has neither granted any loans nor taken any loans, secured or unsecured, to or from companies, firms or other parties listed in the register maintained under Section 301 of the Companies Act, 1956. Therefore, the provisions of clause (iii) of the order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, having regard to the explanations that some of the items are of a special nature and their prices cannot be compared with alternative quotations, there are adequate internal control procedures commensurate with the size of the Company and the nature of its business with regard to purchase of inventory, fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal controls.
- v. In our opinion and according to the information and explanations given to us, there are no transactions made by the company in pursuance of contracts or arrangements required to be entered in the register maintained under Section 301 of the Companies Act, 1956.
- vi. In our opinion and according to information and explanations given to us, the Company has complied with the provisions of sections 58A, 58AA or any other relevant provisions of the Companies Act, 1956 and the Companies (Acceptance of Deposits) Rules, 1975 with regard to the deposits accepted from the public. As informed to us, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.
- vii. In our opinion, the Company has an internal audit system commensurate with its size and nature of its business.
- viii. We have broadly reviewed the books of accounts and records maintained by the company pursuant to the Order made by the Central Government for the maintenance of cost records u/s 209 (1) (d)) of the act and are of the opinion that prima-facie the prescribed accounts and records have been made and maintained. We have not, however made a detailed examination of the records.
- ix. a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, investor education and protection fund, employees' state insurance, income tax, sales tax, service tax, custom duty, excise duty, cess and other material statutory dues applicable to

## Gujarat Industries Power Company Limited

### SCHEDULE 18 — SIGNIFICANT ACCOUNTING POLICIES

#### 1. BASIS OF ACCOUNTING

The financial statements are prepared under the historical cost convention on an accrual basis, in accordance with the generally accepted accounting principles in India. The applicable mandatory Accounting Standards notified under The Companies (Accounting Standard) Rules, 2006 and the requirements of the Companies Act, 1956 of India have been followed in preparation of these financial statements.

#### 2. USE OF ESTIMATES

The presentation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and reported amount of revenues and expenses during the reporting period. Difference between the actual result and estimates are recognized in the period in which the results are known/materialized.

#### 3. FIXED ASSETS

- Tangible Assets are stated at cost, less accumulated depreciation and impairment loss, if any. Costs include all expenses incurred to bring the assets to its present location and condition.
- Intangible Assets are stated at cost less accumulated amortization.
- Mines Development Expenditure under Fixed Assets comprises of initial expenditure for lignite mines and expenditure for removal of overburden. Such expenditure is amortised over quantities of lignite actually extracted, considering relevant stripping ratio.
- Works under erection / installation / execution including advances for capital works and interest on specific borrowings during the period of construction are shown as Capital Work-in-progress.

#### 4. DEPRECIATION

Depreciation on all fixed assets except computer software is provided on straight line method at the rates specified under Schedule XIV of the Companies Act, 1956, such rates being not lower than the rates based on management's estimate of useful economic life of the assets. Computer software is amortized on straight-line basis over a period of five years. Leasehold land is amortized over the period of lease on straight-line basis.

#### 5. INVESTMENTS

Long term investments are stated at cost. Provision is made for the diminution in value except where diminution is of a temporary nature.

#### 6. INVENTORIES

Inventories are valued at lower of cost or net realizable value as under:

Inventories	Cost Formula
a. Raw Materials (other than Lignite)	Weighted Average Cost
b. Lignite	Absorption costing. Cost Includes Extraction Cost, Mining overheads including amortized cost as per 3(c) above.
c. Stores and Spares	Weighted Average Cost

#### 7. FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currency are accounted for at the exchange rate prevailing on the date of transactions.

## 23rd Annual Report 2007-2008

### 8. TAXATION

Provision for Current Tax is made on the basis of estimated tax payable for the year as per the applicable provisions of the Income Tax Act. Deferred tax is recognized subject to consideration of prudence, on timing differences that originate in one period and are capable of reversal in one or more subsequent period between taxable income and accounting income. Provision for Fringe Benefit Tax is made on the estimated value of fringe benefits for the period as per the related provision of the Income Tax Act.

### 9. EMPLOYEE BENEFITS

**Short -Term Employee Benefits :** The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by the employees is recognised during the period when the employee render the services.

**Long - Term Employee Benefits :** Provident Fund contributions are made to a Trust administered by the Company. The interest rate payable to the members of the Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provision Act, 1952 and short fall, if any, shall be made good by the Company. The Pension contributions are made to a government administered Provident Fund towards which the Company has no further obligations beyond its monthly contributions. The Company also provides for retirement benefits in the form of gratuity and leave encashment. Such benefits are provided for based on valuations, as at the balance sheet date, made by independent actuaries. Termination benefits are recognised as an expense as and when incurred.

### 10. REVENUE RECOGNITION

Revenue from sale of energy is recognized when no significant uncertainty as to the measurability or ultimate collection exists.

Other income is recognised on accrual basis except,

- a. Claims lodged with insurance company in respect of risk insured are accounted on admittance basis.
- b. Delayed payment charges under Power Purchase Agreements are recognised, on grounds of prudence, as and when recovered.

### 11. PROVISION, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

### 12. IMPAIRMENT OF ASSETS

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Profit & Loss Account in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount in subsequent period.

### 13. BORROWING COST

Borrowing cost including interest and other financial charges which are directly attributable to the acquisition or construction of a qualifying assets is capitalised as part of the cost of that asset up to the period the project is commissioned or asset is ready for use. Other borrowing costs are recognised as expenses in the period in which they incurred.
