### **15.1 Termination for Convenience**

The Owner shall be entitled to terminate the Contract at the Owner's convenience, at any time by giving thirty (30) Days prior notice to the Contractor. Such notice of termination shall specify that termination is for Owner's convenience and the date upon which such termination becomes effective. Upon receipt of such notice, the Contractor shall proceed as follows:

- (i) cease all further work, except for such work as may be necessary and instructed by the Owner for the purpose of making safe or protecting those parts of the Services already executed, and any work required for leaving the Site in a clean and safe condition;
- (ii) stop all further sub-contracting or purchasing activity, and terminate Sub-contracts;
- (iii) handover all Documents, equipment and materials relating to the Solar Plant prepared by the Contractor or procured from other sources up to the date of termination for which the Contractor has received payment equivalent to the value thereof;
- (iv) handover those parts of the Plant executed by the Contractor up to the date of termination; and

**GENERAL CONDITIONS OF CONTRACT (GCC)**

- (v) remove all Contractor's Equipment, which is on Site and repatriate all his staff and labour from the Site.

**15.2 Termination for Default by Contractor**

**15.2.1 Notice to Correct**

If the Contractor fails to carry out any of his obligations, or if the Contractor does not execute the Services in accordance to the Contract, the Owner may give notice to the Contractor requiring him to make good such failure. The Contractor shall remedy the same or take reasonable action to remedy the same within fifteen (15) Days from date of such notice.

If the Contractor:

- b) abandons or repudiates the Contract, or
- c) without reasonable excuse fails to commence or proceed with the Services in accordance with the Contract, or
- d) becomes bankrupt or insolvent, goes into liquidation, has a receiving or administration order made against him, compounds with his creditors, or carries on business under a receiver, trustee or manager for the benefit of his creditors, or if any act is done or event occurs which (under any Applicable Law) has a similar effect to any of these acts or events, or
- e) assigns the Contract without the required consent of Owner, or
- f) fails to comply with Applicable Laws and/or Applicable Permits, or
- g) is in material breach of the Contract,

then, without prejudice to any other right or remedy Owner may have under the Contract after having given thirty (30) Days' written notice to the Contractor, terminate the Contractor's employment under the Contract, should Contractor fail to rectify within such notice period or commence to rectify the defaults within fifteen (15) Days of receipt of such notice from Owner; provided always that in the case of paragraph (d) above, the termination shall become effective on Owner issuing the notice of termination.

Without prejudice to the foregoing, if the amount of Liquidated Damages for Delay for which the Contractor would otherwise become liable under clause 11.1 exceeds the cap referred to in clause 19.2.1 (i), then the Owner shall at any time thereafter be entitled (but not obliged) by notice forthwith to terminate the employment of the Contractor.

**GENERAL CONDITIONS OF CONTRACT (GCC)**

Upon termination, Owner shall automatically without the necessity of any further action by the Contractor stand subrogated to the interests of Contractor in or under any Sub-contracts. The rights and authorities conferred on the Owner and the Owner by the Contract shall not be affected by such termination.

The Contractor shall not be released from any of his obligations or liabilities accrued under the Contract. For the avoidance of doubt, the termination of the Contract in accordance with this clause shall neither relieve the Contractor of his accrued obligations for Warranty or his accrued liability to pay Liquidated Damages for Delay and/or Performance nor shall entitle him to reduce the value of Contract Performance Security.

15.2.2 The Owner may upon such termination complete the Plant himself and/or by employing any other contractor. The Owner or such other contractor may use for such completion such of the Documents made by or on behalf of the Contractor, Contractor's Equipment, Temporary Works, plant and materials as he or they may think proper. Upon completion of the Services or at such earlier date as the Owner thinks appropriate, the Owner shall give notice that the Contractor's Equipment and Temporary Works will be released to the Contractor at or near the Site. The Contractor shall remove or arrange removal of the same from such place without delay and at his cost.

15.2.3 Upon termination, if Owner is of the opinion that he is not able to complete the Plant himself or with the help of other Contractors, then he may reject the incomplete Works. In such an event the Owner shall recover all money paid by the Owner to the Contractor for the incomplete /rejected Plant. The Contractor shall also dismantle and dispose off the rejected/incomplete Works and also clear the Site at his cost. If he fails to do so, the Owner will dismantle and dispose off the rejected incomplete Plant and clear the Site at Contractor's Cost and risk and recover all expenses incurred in this regard from the Contractor.

**GENERAL CONDITIONS OF CONTRACT (GCC)**

Such action shall not prejudice the Contractor's entitlements to payment under clause no. 13 above and to terminate under clause no. 16.2 below.

16.1.2 If the Contractor suspends Work or supply of Goods or reduces the rate of Work, and the Owner subsequently pays the amount due, the Contractor's entitlement under clause no. 16.2 below shall lapse in respect of such delayed payment, unless Notice of termination has already been given, and Notice period of 30 (thirty) Days has expired and the Contractor shall resume Work.
